ACCORD · ONENESS & PROGRESS

COMMUNITY 2027

Bisoye Obayan

for Member, House of Assembly

Somolu II, Lagos State

VOTE BISOYE OBAYAN

A community that learns, earns, moves, works and stays safe together. Here are five commitments I will take to the Assembly on your behalf.

MY FIVE COMMITMENTS

01

Earn-to-Learn Education Incentive

Students will take part in supervised internships and vocational training, earning points that go toward their tuition and a welfare stipend. Weekly work hours will have a clear minimum and maximum so that learning always comes first.

How: I will sponsor legislation setting the hour limits, safety standards and employer approval rules, and push for budget support.

02

Community Power Initiative

Shared community electricity generation for barbers, printers, artisans and small businesses. Users pay for what they use as they earn, so no one carries a heavy cost upfront.

How: I will advocate for a licensing and tariff framework under Lagos State's electricity regulation and attract private and donor partners.

03

Mobility Support Scheme

Lower transport fares for students, the elderly, persons with disabilities and nursing mothers, so that getting to school, work or the clinic is never out of reach.

How: I will press for a dedicated line in the state budget and oversee how the subsidy is delivered.

04

04

Fair Rent Rebate

Landlords who charge rents above a set benchmark will face higher property taxation. Part of that tax will be credited to tenants as a deduction from their rent payments.

How: I will sponsor a bill defining rent benchmarks by area and property type, with protections against costs being passed on to tenants.

05

Brothers' Keepers Community Security Program

Recognition and rewards for residents who volunteer to protect and uplift their neighbours. Volunteers will be registered and trained, working alongside, never in place of, the police.

How: I will push for a recognition and rewards framework, with partnerships between residents, community groups and security agencies.

My promise to Somolu II

As your Assembly member, I will sponsor bills, move motions, fight for budget allocation for these programs, and hold the executive accountable for delivering them. I will report back to you regularly.
